## THAT'S THE SPIRIT

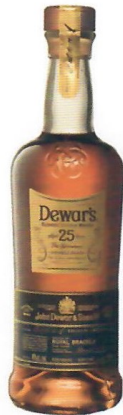

BY KARA STUDZINSKI

### CRAIGELLACHIE 17

This spirit rivals whiskies twice its age with a distinctive, meaty character. While the big, bold and unadulterated taste remains true to the brand, this new marque is identified with more sweet flavors than those of the existing age-statements. Full of flavor with vanilla and exotic fruits, the smooth, smoldering finish is reminiscent of the fan favorite Craigellachie 13 and the treasured and rare 23-year-old, encompassing a lingering, smokey taste.

### DEWAR'S 25

A multi-faceted whiskey aged at least twenty-five years (and double-aged for up to three months), and easily identifiable by its exclusive taste, Dewar's 25 endlessly smooth flavors and rich layers create a one-of-a-kind blended Scotch with an addition of lightly perfumed notes of grass and green foliage. The balance of floral notes and delicate honey flavor finish with a hint of smoke, and makes this carefully constructed blend a must-have for newbies and enthusiasts alike.

### YAMAZAKI MIZUNARA CASK 2017 EDITION

Available in limited quantities, this rare spirit from the House of Suntory's Yamazaki Distillery has been aged for 18 years exclusively in illustrious Japanese Mizunara oak. The wood from this rare and demanding tree creates flavors never before tasted in whiskey, both tantalizingly spicy and redolent of incense. Only Yamazaki whiskies (and only a few of them) have had the privilege of maturing in Mizunara casks, making this one of the most sought-after spirits of our lifetime.
